

TRANSFORMING CROSS-BORDER TRADE IN PAKISTAN

Message from the CEO

سی او کا پیغام

It has been an exciting start to FY 2023-24, with the PSW system continuously being expanded to include more services, modules, and OGAs, and the company also continuing to grow and evolve. We successfully met most of our performance benchmarks with the PSW Governing Council for the second year in running with only those activities outstanding that have dependency on the new data centre being established in Karachi with the Asian Development Bank's support. As I write this message, our teams are working tirelessly for deployment of the data centre hard and software with an expected completion date of November 2023. The data centre is expected to be fully operationalized by March 2024 and will greatly enhance PSW's capabilities for efficient, reliable, and secure service delivery.

I am thrilled to note the addition of Sindh Excise, Taxation and Narcotics Control Department to the PSW ecosystem. Sindh Excise is the first provincial department to join the PSW platform and will pave for the integration of other provincial departments regulating cross border trade. In parallel, PSW domain and IT teams continue to work on the integration of the Drug Regulatory Authority of Pakistan (DRAP) which will help facilitate cross border trade of pharmaceutical raw materials and products, medical devices, and food supplements.

I'm also always excited to report on the substantial growth of both our subscribers and our network. The number of PSW users has surged to more than 71,000, demonstrating the trust businesses place in our platform.

Declarations & LPCOs

In a monumental achievement for PSW the latest subscriber count is 71,155 and LPCO (licenses, permits, certificates and other documents) processing has exceeded 400,000 since July 2023. This remarkable milestone wouldn't have been possible without the unwavering support of our valued system users, OGA partners, and stakeholders.

PSW Partners with 1Link and Faysal Bank for Efficient Digital Payments

موٹر ڈیجیٹل ادائیگیوں کے لئے پی ایس ڈبلیو، ون لنک اور فیصل بینک کا اشتراک

1LINK is Pakistan's first fully licensed PSO/PSP, largest payment and switch system, committed to administer and evolve a strong e-payment network in the country. PSW has partnered with 1LINK and Faysal bank as a step towards financial transformation driven by the rise of digital payments in Pakistan. Traders, importers, and exporters will now experience a streamlined Goods Declaration process, accompanied by seamless Business-to-Government (B2G) payments for government taxes and duties. Additionally, commercial entities will benefit from convenient Business-to-Business (B2B) service fees, further enhancing the ease of conducting trade.

Boosting Maritime Trade with the GCC Region

پی ایس ڈبلیو کے اقدام سے خلیجی ممالک کے ساتھ برآمدات میں فروغ حاصل ہوگا

Pakistan's maritime trade with the Gulf Cooperation Council (GCC) countries plays a vital role in its international trade dynamics. The GCC, consisting of six member states - Saudi Arabia, the United Arab Emirates, Qatar, Kuwait, Bahrain, and Oman - is a significant trading partner for Pakistan, and the maritime routes connecting these regions have become crucial channels for commerce.

Pakistan Single Window Integrated Risk Management System Rules 2023

پاکستان سنگل ونڈو کی طرف سے انٹیگریٹڈ رسک مینجمنٹ رولز ۲۰۲۳ کا اجرا

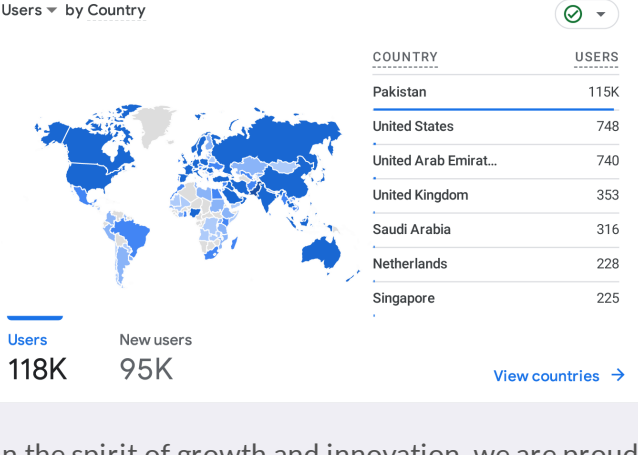

The Federal Board of Revenue (FBR) notified draft rules for all government agencies that apply trade controls on imports, exports and transit goods through the PSW system. The rules were notified through SRO1077 of 2023 and are named Pakistan Single Window Integrated Risk Management System Rules 2023.

Cargo clearance will be done through scanning or other forms of non-intrusive inspection technology, physical inspections, withdrawal of samples, detailed examinations or documentary controls in the form of licenses, permits, certificates and other documents under the regulatory requirements of the government agencies.

The New PSW Website: A Data and Analytics-Driven Transformation

پی ایس ڈبلیو کی نئی ویب سائٹ: ایک ڈیٹا اور انا لیکس سے بھرپور تبدیلی

In the spirit of growth and innovation, we are proud to announce the launch of PSW's new and improved website. As we build an environment where efficiency and transparency are paramount, the new website embraces the power of data and analytics to drive decision-making. With advanced data analytics tools, the platform can generate insights and trends from the vast pool of data generated by each click. While the new website has a new look supporting the PSW brand, with new features and customized pages for our different departments, the revamp is more than a digital facelift.
